

## For Corporate, Partnership and Individual Income Tax Returns

If you are looking for online income tax filing, please [click here](#) . The following information is for the MeF program, not online income tax filing.

Utah has developed an e-file program jointly with the Internal Revenue Service called the Fed/State MeF (Modernized Electronic Filing) Program. This program allows taxpayers to electronically file both federal and Utah corporate, partnership or individual income tax returns together. Corporate, partnership, and individual income tax filing is currently available.

If you would like to use this program, contact your [tax software vendor](#) or accounting service to see if they support this.

For questions about this program, contact [mef@utah.gov](mailto:mef@utah.gov) .
